MEMORANDUM 2008-04

**TO: ALL COUNTY ENGINEERS AND DIVISION COUNTY
TRANSPORTATION ENGINEERS**

FROM:

D. E. Phillips, Jr., P.E.
State County Transportation Engineer

**RE: Removal of NBIS Length Bridge Projects from the Annual
Maintenance Inspections**

Beginning with the 2008 annual Maintenance Inspections the subject projects can be removed from the inspections. The procedure for removal is as follows.

- Counties must submit a letter to the Division County Transportation Engineer requesting that bridge projects on the attached resolution be removed from the Annual Maintenance Inspections.
- Along with this letter counties are required to submit a resolution. All the bridges to be removed can be listed on the same resolution. The resolution shall contain a listing of the project numbers, the route carried, the facility intersected, along with corresponding BIN's to be removed.
- The Division is to confirm that the bridges have a BIN assigned and inspection data is current in ABIMS.
- Once the Division receives this information the bridge projects can be removed from the Division list.

If you have any questions concerning this matter, feel free to call this office.
